

Lead Electrician, WL-2805-06

RAF Lakenheath

Vacancy Number: 48 CES VA20 RPA 056484

Closes: 29 November 2020, 23:59

39.00 hours per week

£14.70 per hour

Main Purpose

The 48th Civil Engineering Squadron is seeking someone to lead a minimum of three electricians on a regular and recurring basis to accomplish a variety of electrical work at both RAF Lakenheath and RAF Feltwell. You will be responsible for making sure that work assigned to the team is carried out as well as reporting to the supervisor with progress reports, reasons for delays and evaluating and training electricians. You will utilize your trade's knowledge and answer questions on the various aspects of work as well as checking work and ensuring instructions and deadlines are met. The duties will also include troubleshooting and inspecting defective equipment and faulty wiring in problem areas, installing, repairing or replacing, modifying, loading, and testing new and existing electrical lines, circuits, systems, fixtures, panels, switches, breakers, and controls located in or near installation buildings and structures. You will also use and maintain a variety of hand and power tools as well as test equipment.

Knowledge and Experience Required

Please provide detailed work experience as it relates to the required competencies listed below, as this will be used to determine your qualification for this position.
